Subject: **Revision of RDA instructions for arrangements and adaptations of musical works (RDA 6.28.1.5.2, 6.28.3.2.2)**

CCC thanks ALA for this proposal and we support it. We note that the paragraph to be added to 6.28.1.5.2 solves an issue we had identified in [CCC's response to 5JSC/LC/12](#).

We also note that we had proposed an example which illustrates a case of adaptation by an unknown composer. At this time, we wish to suggest this be included in 6.28.1.5.2.

Yankee Doodle

Variations for piano on the patriotic song; name of the composer of the adaptation unknown.
