

TO: Joint Steering Committee for Development of RDA
FROM: John Attig, ALA Representative
SUBJECT: Proposed Revision of RDA Instructions for Government and Non-Government Corporate Bodies: Examples

The proposed revisions to merge the RDA instructions for government corporate bodies (RDA 11.2.2.18–11.2.2.27) and for religious bodies (RDA 11.2.2.28–11.2.2.31) into the general instructions for corporate bodies (RDA 11.2.2.13–11.2.2.17) are primarily editorial. In order to simplify the proposal, examples have been omitted unless the revision would change the example. For the vast majority of examples, no change would be needed. However, many instructions have been merged, with the result that different sets of examples are potentially merged. We recommend that the examples for the revised instructions be referred to the Examples Group to determine which examples should be retained.

This document lists all the candidate examples resulting from the proposed revisions. It is organized by the revised (“new”) instruction number. Under each new instruction, it lists separately the examples from each of the current (“old”) instructions that have been merged, as well as any examples that become candidates for the new instruction because of revisions. Our assumption is that some examples of both government and non-government bodies should be retained in the new instruction, but that not all of them will be needed.

Particular attention is drawn to the final section of the document. ALA is proposing that the current 11.2.2.14 type 6 be deleted. If this is done, the examples under that instruction would then need to be treated under other remaining instructions. This sometimes results in changes to the preferred name of the body; in all cases, it results in moving these examples to other instructions. Our recommendations for such revisions and moves are given in the final section of this document.
