

**To:** Joint Steering Committee for Development of RDA  
**From:** Kathy Glennan, ALA Representative  
**Subject:** Revision proposal for RDA instructions for treaties

The following revisions are based on the JSC discussion in November 2013 and subsequent review by law experts within ALA. The text below represents the clean copy of the affected instructions. Markup is limited to selective strikethroughs, indicating text to be removed.

New recommendations in this revision, reflecting decisions from the JSC meeting:

- #4: Remove final exception in 6.2.2.10.3.
- #12: Remove RDA 6.22, Signatory to a Treaty.  
ALA recommends retaining 6.22 with the indication “instruction deleted”, rather than renumbering all of the remaining instructions in Chapter 6.
- #32: Remove mappings to 6.22.

Changes to previous recommendations, beyond specific language agreed upon during the JSC meeting:

- #6: Add final paragraph with a reference to 6.2.2.4.  
In response to concerns raised at JSC meeting.
- #13: Merge 6.29.1.15 through 6.29.1.18.  
JSC agreed to merge 6.29.1.16-6.29.1.18 into 6.29.1.15 and asked ALA to regroup the examples. Upon evaluating the examples, we identified some that do not represent real treaties, so we recommend removing these entirely. ALA will consider making a future proposal to modify 6.27.1.3 so these examples, naming the work by title, can be moved there.
- #20: Modify 6.29.1.30.3.c to “the date of the protocol, etc.”  
This clarifies that this date is not for the main treaty mentioned in 6.29.1.30.3.a.
- #22: Replace term “signatory” with “participant” in 6.29.3.3.  
New recommendation from ALA: We propose using “participant” in this revised and relocated instruction. We considered and rejected “signatory”, since a government can become a party to a treaty without being an actual signatory. We also believe that “party” is not a good choice because it only applies to those bound by a treaty, not to those who have signed but not ratified. We note that the UN Treaty Collection online uses “participant” to include all possibilities.
- #26: New text and relocated examples for Participants in a Treaty  
Based on JSC decision to move appropriate instructions for Signatory to a Treaty to Chapter 19 and on ALA’s preference for “participants” over “signatories”.
- #30: Creation of a new relationship designator in I.2.2: Participant in a treaty  
Based on JSC decision to create a relationship designator and on ALA’s preference for “participants” over “signatories”.
- #31: Add/remove definitions from RDA Glossary.
