CCC agrees with ALA's proposed revisions to 11.5.1.3 and 9.13.1.3. We note that the examples at 11.13.1.8 will need to be revised to reflect the changes to 11.5.1.3.

CCC has reviewed LC's response (6JSC/ALA/6/LC response) and does not support the removal of the exception at 11.5.1.3. While we see that the exception may facilitate machine matching, the exception was intended to eliminate the requirement to find or establish the preferred form of name. The elimination of the exception places a greater burden of work on cataloguers to determine the preferred names for all institutions hosting conferences.
