Subject: Revision of RDA 11.13.1.8.2

ACOC thanks BL for this proposal to revise the instruction at 11.13.1.8.2 to address the overlap between 11.13.1.3 (Place Associated with the Body), 11.13.1.4 (Associated Institution), and 11.13.1.8 (Number, Date and Location of a Conference, Etc.).

ACOC supports the proposed change at 11.13.1.8.2. However, we suggest that the wording be amended slightly for greater clarity.

ACOC assumes that the proposal also intended to remove the second paragraph of text at 11.13.1.8.2. It is not clear from the proposed change as it currently stands, but the revised first paragraph renders the existing second paragraph redundant, and ACOC suggests an amendment to the proposed change to ensure that this is clear.

ACOC also suggests adding a sentence to 11.13.1.8.1 to further eliminate the possibility of duplication between the authorised access point for a conference series, and the authorised access point for single instances of that conference.

**Proposed amendment to changes at 11.13.1.8.2**

11.13.1.8.2 Access Point for a Series of Conferences, Etc.
If all conferences, etc., in a series were held in the same place, add the location to an access point representing the series of the conference, etc. Do not add the number or date of the conferences, etc.

[BL proposed wording]
If the access point represents a series of conferences, etc., do not add the number, date or location of the conferences, etc. For access points for two or more series of conferences that have the same name, or names so similar that they may be confused, apply the instructions at 11.13.1.3-11.13.1.7, as applicable.

[ACOC proposed wording]
If the access point represents a series of conferences, etc, do not add the number date or location of the conferences, etc. If additions are required to distinguish two or more series of conferences with the same name or a name so similar that they may be confused, apply the instructions at 11.13.1.3-11.13.1.7, as applicable.

**EXAMPLE**
Blue Ridge Folklife Festival
Access point for its annual program book described as a serial. Held in the same location each year
Salzburger Festspiele
Access point for an audio recording of music performed at the 1956-1965 festivals

Intermountain West Student Philosophy Conference
Access point for its web site. Held at the University of Utah each year

If the access point represents a series of a conference, etc., held in different locations, do not add the number, date, or location of the conferences, etc.

Annual Symposium on Sea Turtle Biology and Conservation
Access point for its proceedings described as a serial. Held in a different location each year

World Series (Baseball)
Access point for a collection of souvenir programs from various years. Held in different locations each year

11.13.1.8.1
Apply this instruction to a one-time conference, etc., or a single instance of a series of conferences. Apply this instruction also to a conference recorded subordinately (see 11.2.2.14.6).
Add the following elements to the name of a conference, etc., if applicable and readily ascertainable.

Add them in this order:

   a) the number of the conference, etc. (see 11.6)

   b) the date of the conference, etc. (see 11.4.2)

   c) the location of the conference, etc. (see 11.3.2)

For a single instance of a series of conferences always held in the same place, do not add the location of the conference if this would result in duplication of information already added to the conference series access point under 11.13.1.3
