Subject: Add instructions to supply terms indicating the function recorded under the optional addition provisions at 2.7.4.4, 2.8.4.4, 2.9.4.4, or 2.10.4.4, in a language and script preferred by the cataloguing agency

CILIP suggests that this provision is already covered by 1.4 "When information is supplied in an element listed at 1.4, record the supplied information in the most appropriate language and script."

As a result CILIP rejects this proposal.
