To: Joint Steering Committee for Development of RDA

From: Kevin Marsh, ACOC Representative

Subject: Instruction for choosing the preferred title for choreographic works (RDA 6.2.2.4)

ACOC thanks CCC for this proposal to revise the instructions relating to choreographic works to reflect both existing practice and the examples in RDA.

We note that, to improve user access, it may also be desirable to apply this exception to other types of works which have become better known in another language and/or which have undergone extensive adaptation.
