Subject: Additional exception in 9.19.1.2 (Title or Other Designation Associated with the Person) for titles of religious rank

ACOC thanks LC for this proposal to add an additional exception in RDA 9.19.1.2.

We support the intention of the proposed change, but note that the list of examples preceding the Exceptions contains examples of the exceptions themselves.

We think it may make the instruction clearer if the entire list of examples is moved to after the Exceptions, or the examples involving the exceptions (notably the two Augustines) could be moved to after the Exceptions.
