To: Joint Steering Committee for Development of RDA

From: Judith A. Kuhagen, JSC Secretary

Subject: FastTrack entries included in April 2012 release of RDA Toolkit

The JSC established the FastTrack process for correction of typographical errors, addition or removal of examples, addition of terms to vocabularies, addition of references, clarification in wording, etc. The possible changes are discussed by the JSC representatives, not by the JSC constituencies. If a JSC representative thinks a possible change should be discussed by the JSC constituencies, the entry for that change is removed from the FastTrack process.

Listed below are the changes approved by the JSC in recent weeks; the changes will appear in the April 2012 release of the RDA Toolkit.
