Subject: Clarify Sources of Information for Statement of Responsibility Relating to Title Proper (RDA 2.4.2.2, etc.). UK Response

The British Library and CILIP thank ALA for the proposed revisions to Sources of Information, which were discussed by the CILIP/BL Committee on RDA. We agree with the proposals to clarify the wording, but we believe that there should be an optional addition to record all SoRs from any source.

2.4.6.6

Optional addition

Take statements of responsibility relating to title proper from any of the prescribed sources if considered important for identification.

A question which came up in discussion is whether explicit guidance should be provided to address contradictory SoRs. We concluded that an example could be added at 2.4.1.6 to illustrate the scenario, although we have not been able to identify an example where the conflicting SoRs are taken from different sources.
